The screenshot shows an iPhone Mail application interface. At the top, there is a search bar labeled "Search mail" and various navigation icons including a question mark, settings, and a profile picture. The main area displays an email thread:

At the bottom, there are three blue buttons: "What?", "What are you talking about?", and "I agree with you.". Below these are "Reply" and "Forward" buttons.

'I am not going to go. If I want to make friends, I need to follow my heart.'
